Mentor-Mentee Program

Date: 24/04/2024

Circular

The college has established a well-structured mentor mentee system. The institution has formed a 'Mentoring Cell' through which students will get support and assistance from the faculties till the completion of their course. The institution has appointed mentors from among the full-time teachers to ensure exceptional levels of mentoring and coaching. Mentors give students constant support, direction, and practical assistance. The aim of student mentoring is to assist all students to develop their skills and confidence. Students must take responsibility for their own life and attain their academic and personal objectives. The college has prepared a list of mentees who have been assigned to mentors for the Academic Year 2023-24. Mentors are instructed to provide guidance to the mentees assigned to them throughout the year. Each mentor has been assigned a total of 17-20 mentees. A list of mentors and their allotted mentees has been attached with this circular. Mentors are required to keep following things in their mind while performing their duties.

1. To assure mentees the confidentiality of the information provided by them.
2. To acknowledge the difficulty of mentees without casting blame on them.
3. To express/appreciate mentees for their approach.

E-mail: principal.slc@suryadatta.edu.in Website: www.sgislc.org / www.suryadatta.org

In addition to faculty mentors the institution has selected some student representatives from class on the basis of their overall performance in different activities, academics including internal and external exams. While selecting student representative attendance of students has been considered.

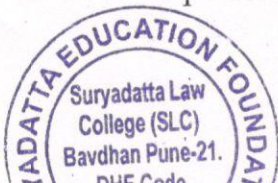

The idea behind mentoring model is to focus on developing affective domain of providing education along with higher skills of cognitive domain. The mentor who possesses greater skills, knowledge and experience provides the guidance, direction, remedial measures and plays the dominant role in evaluating quality standards of mentees. The mentor gets in depth knowledge of organization, management, assessment and teaching- learning methods. This will enable him/her to manage behavior, community and classroom situations efficiently.

About Mentoring Cell

Mentoring is a collaborative partnership between a *Mentor* and a *Mentee*. The one, who possesses greater skills, knowledge and experience, is the mentor and who is looking to increase his or her skills, knowledge and experience is a mentee. Mentoring is a process of engagement that is most successful when done collaboratively and is a reflective process that requires preparation and dedication.

Objectives of the Cell

- To provide immediate guidance by mentors to solve problems.
- To support Mentees under organized and guided supervision.
- To provide holistic experience to develop an appropriate learning behavior.
- To provide benefit from mentor's experience and advice.

E-mail: principal.slc@suryadatta.edu.in Website: www.sgislc.org / www.suryadatta.org

The following steps are to be followed for mentoring mentees:

1. Building rapport with the mentees.
2. Get acquainted with mentees.
3. Set direction on the basis of academic, personal and social needs of the mentees.
4. Create a list of learning activities suitable for mentees.
5. Plan and manage the resources required to overcome the problem of mentees.
6. Write mentoring action plan on paper to help mentees to translate their goals into executable and attainable steps and plan to monitor their successes.
